INDEX TO VOLUME XVI

The asterisk (*) preceding the page number indicates an original article in this Journal. The letter T preceding the page number indicates a paper reported in the Transactions of the American Association of Neuropathologists. The letter D preceding the page number indicates a discussion of an original article or some other item published in this Journal. Subject entries are made for all articles. Author entries are made for original articles and Society Transactions.

ALLAM, M. W., L. S. Lombard, E. L. Stubbs, J. T. McGrath and J. F. Shirer, transplantation of a canine thyroid carcinoma to the central nervous system of heterogeneous puppies, *85.

Alvord, E. C. D206

Alvord, Ellsworth C. and Kirkland C. Brace, x-ray induced pyknosis of cerebellar granular cells in guinea pigs and its suppression by barbiturate anesthesia, *3

Allergic meningoencephalomyelitis, induction of exacerbations of, *57.

American association of neuropathologists, annual meeting Atlantic City, N. J., T108

Angiomatosis, meningo-facial (Sturge-Weber's disease), histopathology of, *341

Anoxic and circulatory damage, widespread, decortication as a result of, *492

Arachnoiditis, adhesive, pathogenesis of, *261

Atrophy, cerebellar in degenerative encephalopathy of childhood, *308

BALTZAN, M. A., J. Olszewski and N. Zervas, chronic porto-hepatic encephalopathy, *410

Barbiturate anesthesia, suppression of x-ray induced pyknosis of cerebellar granule cells, *3

Barlow, C. F., neuropathologic findings in a case of infantile Gaucher's disease, *239

Beals, Robert L., see Hagamen, Wilbur D., *95

Behar, A. J. and S. Feldman, pathogenesis of adhesive arachnoiditis. An experimental study, *261

Bilateral symmetrical degeneration of the thalamus, *446

Boeck's sarcoid in chronic meningo-encephalitis, *544

Bogdanove, Lasca, H. and George Clark, the induction of exacerbations of allergic meningoencephalomyelitis, *57

Book reviews, 137, 279

Brace, K. C., see Alvord, C. A., *3

Brachium conjunctivum, after degeneration of, tremor on stimulation of the midbrain tegmentum, *79

Brain tumors, cystic, enzymatic action of fluids from, *404

Bunge, R. P., and P. H. Settlage, neurological lesions in cats following cerebrospinal fluid manipulation, *471

CARCINOMA of thyroid, canine, transplantation to the central nervous system of heterogeneous puppies, *85

Carcinomatosis of the central nervous system presumably arisen from the prostate, *89

Cares, R. M., B. S. Gordon and E. Kreuger, Boeck's sarcoid in chronic meningoencephalitis, *544

Cell structure, alterations in, following sudden increases in intracranial pressure, *102

Cerebellar atrophy in degenerative encephalopathy of childhood, *308

, degeneration, atypical, associated with leukodystrophy, *209

, granule cells, pyknosis of, induced by x-ray, *3

Cerebrospinal fluid manipulation, neurological lesions in cats, following, *471

Chason, J. L., B. F. Haddad, J. E. Webster and E. S. Gurdjian, alterations in cell structure following sudden increases in intracranial pressure, *102

Cholesterinosis of basal ganglia, in degenerative encephalopathy of childhood, *308

Circulatory and anoxic damage, widespread, decortication as a result of, *492

Clark, George, see Bogdanove, Lasca H., *57

Clary, W. U., see Riggs, H. E., *332

Compound granular corpuscles, histogenesis of, after brain trauma in the mouse *48

Cortical and subcortical stimulation in the monkey, oculomotor effects of, *269

Cortisone, a note on the influence of, on the histogenesis of compound granular corpuscles in the mouse brain after trauma, *48

Cultures in vitro, of meningioma, *507

, of neuroglia, *514

, of skeletal muscle, *532

DECEREBRATE spasms, relative participation of flexor and extensor muscles in, *95

Decortication as a result of widespread circulatory and anoxic damage, *492

Degeneration, bilateral symmetrical, of thalamus, *446
, cerebellar, atypical, associated with leukodystrophy, *209
, of the spinal cord due to vitamin B_1 and/or phosphorus deficiency, *371
Demyelinating encephalomyelitis, *139
, transmissible disease of sheep, visna, *389
Denny-Brown, D., D206
DeWulf, A., see Poser, C. M., *209
Diffuse-disseminated sclerosis in the adult, *61
Dystrophy, progressive muscular, pattern of regeneration of muscles in vitro, *532

EARLE, K. M., D369
Earle, K. M., E. H. Rentschler and S. R. Snodgrass, primary intracranial neoplasms. Prognosis and classification of 513 verified cases, *321
Electron microscope, neurological structure and relationships as revealed by, *18
Encephalitis, meningo-, chronic, Boeck's sarcoid in, *544
Encephalomyelitis, demyelinating, *139
Encephalomyelitides, hyperergic, *423
Encephalopathy, chronic porto-hepatic, *410
, degenerative of childhood, *308
, infantile subacute necrotizing, with predilection for the brain stem, *281
Encymatic action of fluids from cystic brain tumors, *404
Exanthematic diseases, hyperergic encephalomyelitides, following, *423

FARQUHAR, Marilyn G. and J. Francis Hartmann, neurological structure and relationships as revealed by electron microscope, *18
Feldman, D. S., see Wagman, I. H., *269
Feldman, Shaul, see Behar, A. J., *261
Ferraro, A., D203
Ferraro, A., and L. Roizin, hyperergic encephalomyelitides following exanthematic diseases, infectious diseases and vaccination, *423
Field, E. J., histogenesis of compound granular corpuscles in the mouse brain after trauma and a note on the influence of cortisone, *48

GARVIN, J. S., see Geiger, H. S., *532
Gastric mucosa in albino rats, lesions of and degeneration of spinal cord, *371
Gaucher's disease, neuropathologic findings in a case of infantile, *239
Geiger, H. S., and J. S. Garvin, pattern of regeneration of muscle from progressive muscular dystrophy patients cultured in vitro as compared to normal human skeletal muscle, *532
Glycogen, brain, histochemical studies of alterations following electric shock, *40
Gordon, B. S., see Cares, R. M., *544
Granule cells, cerebellar, pyknosis of, x-ray induced, *3
Grimsson, H., see P. A. Palsson, *389
Gurdjian, E. S., see Chason, J. L., *102

HADDAD, B. F., see Chason, J. L., *102
Hagaman, Wilbus D. and Robert L. Beals, the relative participation of flexor and extensor muscles in decerebrate spasms, *95
Hardy, R. C. and L. D. Stevenson, syringomesencephalia. Report of a case with signs of Parkinson's disease having a syrinx of the substantia nigra, *365
Hartmann, J. F., see Farquhar, M. G., *18
Haymaker, W. D205, 206, 369
Hepatic, porto-, chronic encephalopathy, *410
Histochemical studies on brain glycogen of the guinea pig and its alteration following electric shock, *40
Histogenesis of compound granular corpuscles in the mouse brain after trauma and a note on the influence of cortisone, *48
Human meningioma tissue, in vitro cultures, *507
Hyperergic encephalomyelitides, *423

INFANTILE subacute necrotizing encephalopathy with predilection for the brain stem, *281
Infectious diseases, hyperergic encephalomyelitides, following *423
Intracranial pressure, alterations in cell structure following sudden increases in, *102
In vitro cultures of human meningioma tissue, *507
, of neuroglia, *514
, of skeletal muscle, *532

JERVIS, G. A., degenerative encephalopathy of childhood (cerebellar atrophy, cholesterinosis of basal ganglia), *308
Jong, R. N., D369

KERNOHAN, J. W., see Wood, M. W., *337
Kersting, G. and H. Lennartz, in vitro cultures of human meningioma tissue, *507
Kreuger, E., see Cares, R. M., *544
Krieger, H. P., see Wagman, I. H., *269
Kubo, Zenpei, see Shimizu, Nobuo, *40

LEHOCZKY, T. and J. Sos, degeneration of the spinal cord due to vitamin B_1 and/or phosphorus deficiency and to lesions of the gastric mucosa in albino rats, *371
Lennartz, H., see Kersting, G., *507
Leukodystrophy, associated with atypical cerebellar degeneration, *209
Lichtenstein, B. W., D369

Lobotomy, prefrontal, neuropathologic study of, *251
Lombard, L. S., see Allan, M. W., *85

MARGULIES, M. E., D369
McGrath, J. T., see Allam, M. W., *85
Meningioma tissue, human, in vitro cultures of, *507
Meningiomas, intracranial, one hundred cases found incidentally at necropsy, *337
Meningo-encephalitis, chronic, Boeck's sarcoid in, * 544
Meningoencephalomeylitis, allergic, induction of exacerbations in, *57
Meningo-facial angiomatosis (Sturge-Weber's disease), histopathology of, *341
Midbrain tegmentum, tremor on stimulation of, after degeneration of the brachium conjunctivum, *79
Minkowsky, M. A., D369
Morphology of neuroglia in tissue culture with comparisons to histological preparations, *514
Muscle, skeletal, normal human, cultured in vitro, as compared with pattern of regeneration of muscle from progressive muscular dystrophy patients, *532
Muscles, flexor and extensor, relative participation of, in decerebrate spasms, *95

NEOPLASMS, primary intracranial. Prognosis and classification of 513 verified cases, *321
Nerve-grafts, stored, for two-stage sciatic nerve repair in dogs, *383
Nerves, vascular, as a source of origin of an intramedullary sheath cell tumor of the spinal cord, *332
Neuroglia, tissue culture, morphology of, *514
Neurological lesions in cats following cerebrospinal fluid manipulation, *471

OCULOMOTOR effects of cortical and subcortical stimulation in the monkey, *269
Olszewski, J., see M. A. Baltzan, *410

PALSSON, P. A. and H. Grimsson, visna, a demyelinating transmissible disease of sheep, *389
Parkinson's disease in a case of syringomesencephalia, *365
Pattern of regeneration of muscle from progressive muscular dystrophy patients cultivated in vitro as compared to normal woman skeletal muscle, *532
Phosphorus deficiency, degeneration of spinal cord, due to, *371
Pool, J. L., see J. Therkelsen, *383
Porto-hepatic chronic encephalopathy *410
Poser, C. M., diffuse, disseminated sclerosis in the adult, *61
Poser, C. M., A. De Wulf and L. van Bogaert, atypical cerebellar degeneration associated with leucodystrophy, *209
Prefrontal lobotomy, neuropathologic study of, *251
Progressive muscular dystrophy, regeneration of muscle from patients, cultured in vitro, *532
Prostate, carcinomatosis of central nervous system, presumably arisen from the, *89
Pyknosis of cerebellar granule cells, x-ray induced in guinea pigs, *3

RABIES, lesions caused by preventive inoculation against, *139
Rabiner, A. M., D204
Rentschler, E. H., see Earle, K. M., *321
Regeneration of muscle from progressive muscular dystrophy patients cultivated in vitro, * 532
Reske-Nielsen, Edith, carcinomatosis of the central nervous system presumably arisen from the prostate, *89
Richter, R. B., infantile subacute necrotizing encephalopathy with predilection for the brain stem, *281
Riggs, H. E. and W. U. Clary, a case of intramedullary sheath cell tumor of the spinal cord. Consideration of vascular nerves as a source of origin, *332
Roizin, L. D205
Roizin, L., see Ferraro, A., *423
Rose, A. S., see Wolfgram, F., *514

SARCOID, Boeck's, in chronic meningoencephalitis, *544
Schulman, Sidney, bilateral symmetrical degeneration of the thalamus, a clinicopathological study, *446
Sciatic nerve repair, two-stage, in dogs, stored nerve grafts in, *383
Sclerosis, diffuse-disseminated in the adult, *61
Settlage, P. H., see Bunge, R. P., *471
Sheath cell tumor of spinal cord, intramedullary, *332
Sheep, visna, a demyelinating transmissible disease of, *389
Shimizu, Nobuo and Zenpei Kubo, histochemical studies on brain glycogen of the guinea pig and its alteration following electric shock. *40
Shiraki, H., see Uchimura, I., *139, D207
Shirer, J. F., see Allam. M. W., *85
Shock, electric, alterations of brain glycogen following, *40
Snodgrass, S. R., see Earle, K. M., *321
Sos, J. see T. Lehoczky, *371
Spasms, decerebrate, relative participation of flexor and extensor muscles in, *95
Spiegel, E. A., see Wycis, H. T., *79
Spiegel-Adolf, M. and H. T. Wycis, enzymatic action of fluids from cystic brain tumors, *404
Spinal cord, degeneration of, due to vitamin B_1 and/or phosphorus deficiency and

to lesions of the gastric mucosa in albino rats, *371
Sheath cell tumor, intramedullary of, *332
Stevenson, L. D., see Hardy, R. C., *365, D370
Stimulation, cortical and subcortical, oculomotor effects of, in the monkey, *269
Structure, neurological, and relationships as revealed by electron microscope, *18
Stubbs, E. L., see Allam, M. W., *85
Sturge-Weber's disease, meningo-facial angiomatosis, histopathology of, *341
Substantia nigra, syrin of the, with signs of Parkinson's disease, *365
Sugarman, L., see Wagman, I. H., *269
Syrinx in substantia nigra with signs of Parkinson's disease, *365
Syringomesencephalia, report of a case with signs of Parkinson's disease, *365
Szekely, E. G., see Wycis, H. T., *79

THALAMUS, bilateral symmetrical degeneration, *446
Therkelsen, J. and J. L. Pool, stored nerve-grafts for two-stage sciatic nerve repair in dogs, *383
Thyroid carcinoma, canine, transplantation of to the central nervous system of heterogeneous puppies, *85
Tissue culture of neuroglia, morphology of, *514
Transplantation of a canine thyroid carcinoma to the central nervous system of heterogeneous puppies, *85
Trauma, mouse brain, histogenesis of compound granular corpuscles after, *48
Tremor on stimulation of the midbrain tegmentum after degeneration of the brachium conjunctivum, *79

UCHIMURA, I. and H. Shiraki, a contribution to the classification and the pathogenesis of demyelinating encephalomyelitis, *139

VACCINATION, hyperergic encephalomyelitides, following, *423
Van Bogaert, L., see Poser, C. M., *209
Vitamin B_1 and/or phosphorus deficiency and lesions of the gastric mucosa, degeneration of spinal cord due to, *371
Visna, a demyelinating transmissible disease of sheep, *389

WAGMAN, I. H., R. Werman, D. S. Feldman, L. Sugarman and H. P. Krieger, the oculomotor effects of cortical and subcortical stimulation in the monkey, *269
Webster, J. E., see Chason, J. L., *102
Weil, A., neuropathology in Western Europe, editorial, *1
Werman, R., see Wagman, I. H., *269
White, R. J., see Wood, M. W., *337
Wohlwill, F. J. and P. I. Yakovlev, histopathology of meningo-facial angiomatosis (Sturge-Weber's disease). Report of four cases, *341
Wolf, A. D205
Wolfgram, F. and A. S. Rose, the morphology of neuroglia in tissue culture with comparisons to histological preparations, *514
Wood, M. W., R. J. White and J. W. Kernohan, one hundred intracranial meningiomas found incidentally at necropsy, *337
Wycis, H. T., see M. Spiegel-Adolf, *404
Wycis, H. T., E. G. Szekely and E. A. Spiegel, tremor on stimulation of the midbrain tegmentum after degeneration of the brachium conjunctivum, *79

X-RAY induced pyknosis of cerebellar granule cells in guinea pigs and its suppression by barbiturate anesthesia, *3

YAKOVLEV, P. I., see F. J. Wohlwill, *341
Yokoi, S., Neuropathologic study of prefrontal lobotomy, *251
Younge, E., see Zeman, W., *492

ZEMAN, W. and E. Younge, decortication as a result of widespread circulatory and anoxic damage, *492
Zervas, N., see M. A. Baltzan, *410
